[Saltinelis . Mokomasis Zaidimas Vaikams.rar](#)

If you have Avid FX 6.0, BCC 8.0 or Squeeze 7.0.1 already installed, do not uninstall these applications when upgrading to Avid FX 6.3.1, BCC 8.0.1 or Squeeze 8.0. Simply run the new installer. Upon installation, the existing serial number is detected by the installer and will allow you to upgrade.

If you're installing Avid FX 6.3.1, BCC 8.0.1 or Squeeze 8.0 for the first time, the serial number you received in your box or email will work to activate these products.

If you had uninstalled these applications and are installing the new versions, your old serial numbers will still work.

Note on Squeeze activation:

When you install Squeeze, the installer will prompt you for your serial number and registration information. You need to provide an email address in order for Sorenson to send you an Activation Key which you will enter at the next screen to complete the activation.

How to get activation serial numbers:

New or Upgrade Based Sets

Purchases made on the Avid Webstore

Support Customers

Media Composer Academic Students

"Private" Customers

New or Upgrade Based Sets:

Customers who purchase new or upgrade physical boxes will be provided serial numbers for these products in the kit.

Purchases made on the Avid Webstore:

Customers who purchase new systems or upgrades through the Avid Store will be issued serial numbers via email and can be accessed in "My Account" at <http://store.avid.com>

Support Customers:

Customers under active Avid support contracts will need to request a license from Customer Success

- Go to www.avid.com/csportal
- Log into the Support Center
- Click on "Cases"
- Click "Create New Case"
- Choose "Avid Video" as the Case Record Type and then click "Continue"
- In the "Subject (short description)" field enter "Production Suite License"
- Enter your system ID in the "System ID/Serial Number" field.
 - o You must enter a System ID in the "System ID/Serial Number" with an active support contract in order to route the case correctly.
 - o If you have more than one system you are requesting licenses for enter their System IDs in the "Description" field.
 - o You can also attach a text document or spreadsheet to the case with additional System IDs.
